war food and politics in early hellenistic athens FOOD POLITICS 289 were the most secure of imperial (and naval) powers: Athens at the height of its empire, Britain after the Repeal of the Corn Laws in 1846. Now weak states depend on lines of supply stretching halfway around the world, and poor states buy food on world markets.

#### **FOOD POLITICS - UT Liberal Arts**

war food and politics in early hellenistic athens war and politics War and politics have always been entwined in American history. Politicians and pundits often complained that politics intruded upon war or war upon politics; generals should wage war without second-guessing by politicians, some demanded. The very phrase "war and politics" treats the two as separate if linked entities.

war food and politics in early hellenistic athens This book provides a new assessment of the economic history of Athens in the Hellenistic era, when the city was no longer an imperial power and struggled to maintain its territory, both at home in Attica and overseas in the cleruchies. The book assesses how political and military change affected the fragile economies of the Athenian polis.
