war state and society in england and the netherlands 1477 1559 The root myth that
enables the State to wax fat off war is the canard that war is a defense by the State of
its subjects. The facts, of course, are precisely the reverse. For if war is the health
of the State, it is also its greatest danger. A State can only "die" by defeat in war or
by revolution.

war state and society in england and the netherlands 1477 1559 WAR IS A MAJOR AGENT OF
CHANGE and a neglected one. Though war has been studied in a variety of contexts, its
role as an independent variable has been curiously ignored.
Historians, for example, generally focus on the origins of war or on the diplomacy of wartime
and the immediate postwar period.
