Military Theory of War, Warfare Theory, Principles of War

war strategy and military effectiveness Military strategy is a set of ideas implemented by military organizations to pursue desired strategic goals. Derived from the Greek word strategos, the term strategy, when it appeared in use during the 18th century, was seen in its narrow sense as the "art of the general", or "'the art of arrangement" of troops. Military strategy deals with the planning and conduct of campaigns, the movement ...

Military strategy - Wikipedia

war strategy and military effectiveness War is a state of armed conflict between states, governments, societies and informal paramilitary groups, such as mercenaries, insurgents and militias. It is generally characterized by extreme violence, aggression, destruction, and mortality, using regular or irregular military forces. Warfare refers to the common activities and characteristics of types of war, or of wars in general.

war strategy and military effectiveness People sleep peaceably in their beds at night only because rough men stand ready to do violence on their behalf. --- George Orwell. I am therefore of the opinion that when a democratic people engages in a war after a long peace, it incurs much more risk of defeat than any other nation; but it ought not easily to be cast down by its reverses, for the chances of success for such an army are ...

war strategy and military effectiveness Review at Historia Games 8,5/10 - Civil War II is an excellent wargame. Even if it does not revolutionize the AEGOD's serie, it provides small his lot of new features, which allow the player to immerse a little more in the management of the camp, whether from the point of view of management in the strict sense (political, economic), but also in the conduct of military operations.
